My dear Friend

3

A heavy cold confines me at home, or I should call on you to day in response to your affecting letter, which I now have no time to reply to, as my son is ready to go to the city.

The Receipts of the Liberator have exceeded the expenses by a fraction over 200 dolls. and I enclose a check for the \$125. for your relief. I will see you & Mr Wallcut soon in regard to the advertisements, & will render you what little aid I can in this respect with the return of our hearty congratulations & good wishes for the coming year & all future years —

I remain as ever your

true friend S. Philbrick
